

# Inputs to present the outcomes of TEC work on innovation and RD&D to the GCF Board

Technology Executive Committee, 15<sup>th</sup> meeting  
Bonn, Germany, 12–15 September 2017

- At its 18<sup>th</sup> meeting (30 Sep– 2 Oct 2017), the GCF Board is to consider options for GCF support for collaborative R&D in developing countries
- GCF Board invited TEC and CTCN Advisory Board Chairs to present to the Board during its consideration of this issue
- As per activity 15.3 of its 2016–2018 workplan, TEC is to provide inputs to present the outcomes of its work on innovation and RD&D to the GCF Board at its 18<sup>th</sup> meeting

### **Inputs: TEC work on innovation and RD&D**

- TEC working paper on enhancing financing of climate technology RD&D
- TEC Brief and key messages to COP 23 on innovation
- TEC Brief and key messages to COP 21 on national systems of innovation
- TEC key messages to COP 18 and 19 on RD&D

### **Possible elements of TEC Chair's presentation to GCF**

- Give overview of TEC work on innovation and RD&D
- Share relevant TEC key messages on topic
- Note TEC future work on related issues
- Give message welcoming collaboration with GCF

### **Work with CTCN to coordinate inputs**

### **TEC Chair could work with Vice-Chair and secretariat to finalize presentation**

---

---

## Expected action

The TEC will be invited to exchange views on the inputs to be presented to the GCF Board at its 18th meeting through the participation of the TEC Chair and agree on any follow-up actions as needed

*Thank you*
